**Get on the Road.**

### **It Pays to Run Clean**

When you have a problem with your rig, you need help right away to get back out on the road. You shouldn't have to wait for days just to find out that you needed a five-minute fix. And that's why Freightliner is rolling out its new Express Assessment.

### **You Can't Fix the Problem Before You Find It**

All Lonestar Truck Group dealers offer Express Assessment. When you bring your truck to one of the Lonestar Truck Group dealers, we promise to try and find the problem within two hours of your arrival. Lonestar Truck Group dealers will have a senior technician assess your truck within two hours of your arrival. After they find the problem, the tech can order any parts they need right away.

## Within an inch of your life!

**IF BRAKE SLACK EXCEEDS ONE INCH YOU COULD BE DRIVING A "KILLER TRUCK"**

Source: USDOT

**THIS IS THE MOST IMPORTANT INCH OF YOUR LIFE.**

**Brakes should be checked before each trip and more frequently in hilly areas.**

TRUCKERS! Poorly adjusted brakes could cost you time and money with out-of-service violations, jeopardize your safety and that of others due to impaired stopping ability, and even cost you your life. The only way to be sure that your vehicle's brakes are properly adjusted is to physically check each wheel on a regular schedule. It is difficult for you to sense, simply from pedal feel, that your brakes are out of adjustment. Under normal braking conditions your brakes may respond satisfactorily, but under a hard or panic stop, you may find that you are unable to stop in time.
